

**NEW
PRODUCT**

PRODUCT ADVANTAGES

- Faster installation
- No locknut
- More space in the box
- Removeable and reusable

MATERIALS

- Die Cast Zinc
- Spring Steel

TECHNICAL SPECS

- Fits 1/2" knockout
- UL file no. E155411

PATENTED DESIGN

- US Patent #7,078,623
- US Patent #0218131 A1

SNAP LOCK[®] CONNECTORS

The new line of SNAP LOCK[®] connectors by Sigma install quickly and save labor. The SNAP LOCK's low-profile design mounts nearly flush to the box wall and maximizes interior space for wiring. Because the fitting's strength and integrity are not compromised when removed from the box, the entire SNAP LOCK[®] line is reusable and cost-effective.

Screw in Connector
3/8" - SICN037S
1/2" - SICN050S

Saddle Connector
SAD037S

90 Squeeze Connector
3/8" - ASQ037S
1/2" - ASQ050S

Duplex Connector
DUP1S

BX Connector
BXC037S

INSTALLATION PROCEDURE

1. Insert long tab

2. Compress spring

3. Snap in
